# New Hill-Burton Hospital

## WHAT IS A HILL-BURTON HOSPITAL?

It is one whose initial cost is shared by the Federal government (2/3) and the local government (1/3) in accordance with a bill initiated by Sonator Lister Hill of Alabama and Sanator Burton.

## WHO COMES THIS TYPE OF HOSPITAL?

When the building is completed and equipped the county owns it.

## WHO WILL OPERATE THIS HOSPITAL?

The county of Henceck through its Board of Supervisers will own and operate this hospital. They will be licensed by the Mississippi Hespital Care Commission.

## HOW MUCH WILL COST TO BUILD THE HOSPITAL?

It will cost Hancock County \$1.75,000 to build this proposed \$475,000 (approximately) hospital. Henceck County will pay 1/3 of the cost and the Federal Government will pay 2/8 of the cost. The Federal money is now available and will come as a grant-in-aid under the Hill-Burton Act --- very similar to our Federal aid reads and highways.

## DOES HANCOCK COUNTY NEED A HOSPITAL? IF SO WHY IS A HILL-BURTON HOSPITAL PROPOSED?

Hancock County desperately needs adequate hospital facilities --- this no one will dony. We need a minimum of 30 bods. A 30 bod hospital costs between \$450,000 and \$500,000. "Hill-Burton" puts this size hospital within our reach for a cost of \$175,000.

## WHAT DOCTORS USE THE HOSPITAL?

Your local dectors. When necessary they may call specialists to come and consult and operate as needed. Many specialists in Guifport and New Orleans have already informed local dectors they will be available when needed and when proper facilities are provided.

## WHAT FACILITIES WILL BE AVAILABLE?

The proposed inequited will have private and semi-private resms. air conditioned throughout. There will be adequate operating room, delivery room, emergency room, bleed-benking, laboratory and x-ray facilities. There will be separate mailing rooms, nursery, reoms, etc. for colored polionis.

## WILL NEGRO PATIENTS BE CARED FOR ?

Yes, there will be separate areas in the hospital designated for the colored.

## WILL CHARITY PATIENTS BE CARED FOR ?

No resident of Hancock County will be denied treatment because of lack of funds. The state will assist the hospital (66.00 per day) in the care of indigent patients. However, these who are able to pay will be expected to do so just as in any other hospital.

## WILL THIS HOSPITAL INCREASE MY TAXES?

The official word from the Board of Supervisors is that there will be a 3 mill increase in ad-valorem taxes. This means .30/4189 or 43.60/41000 of assessed valuation per year. The average person in Hancock County can expect an increase of from \$1.80 to \$1 year. The tax is temporary and will be removed as seen as the \$175,000 bond issue is paid off.

## HOW MUCH WILL IT COST TO OPERATE THIS HOSPITAL?

The expected annual deficit will be less than \$25,000 deliars --just about what the county is spending new for medical care for indigent patients and other similar expenses. However, the county is prepared to most a 130,000 delicit. A close study of other Hill-Burton hospitals throughout the state of Mississippi gives us the above figures.

## HOW CAN I HELP TO ASSURE THE HOSPITAL FOR HANCOCK COUNTY?

Go to the polis on September 28 and vote FOR the preposal.

THIS HILL-BURTON HOSPITAL FOR HANCOCK COUNTY IS BEING RECOMMENDED AND SUPPORTED BY YOUR BOARD OF SUPERVI SORS AND MAYOR AND COUNCIL OF BAY ST. LOUIS.

We physicians of Hancock County have given now the above facts about the proposed Hill-Burton We recommend that you water for the proposal on the

The Picapune and Poplar-ie hospitale cleed by Mr. Suel we believe do not sucre for of those is a little flacton hospetal. The Picagone hearital is scable wise to the Hotel tiesburg and Pescagoula hog-ptacks, The Peplerutifelitik Burton patimetes cannot be used as facts, since that county Hill-Burton hospital has not even been

Mr. Seel stated that the Lumberton Hospital (not a lifti-Button) in his opinion is the type and sine we need in liancock County. We wish to paint out that according to Mr. Soul's own Hmeres, if the Lumberton hospital of 17 bads serves a population of 6,000, then we should logically and reasonably expect that a 34-bed hospital shouldbe sa absolute num necessary to properly care for our county population of 12.000

We also need that Mr. See cited building estimates for a 20-bed hospital. These figures we believe are only for the cost of the building itself and DONOT INCLUDE THE COST OF THE BOUTPMENT and the building vite. We wish to point out that the stated cost of the 30-bed Hill-Surten hespital quoted by Mr. Hubberd includes building size, the building itself AND All RCLEPIARNT including X-ray, laboratory, blood banking, air conditioning, etc.

No one has denied that we desperantly and a new and completely adequate hospital worthy of its name for all of us here in Hancock County. The question boils down sumply to thus: We are going to have to pay for the cost of constructing and equipping such an institution in any event. Our County officials have demonstrated that out of

present funds we can amply afford to operate it once it is built, without raising taxes one cent. What then, will citizens and tampayers get for \$175,000, the are to vote for on Saturday cost to each taxesper will he 30¢ per \$100, or \$3.00 per \$1000, assessment each year unmil the bond issue is paid off. At that time the tax will be re-

Without Hill-Burron funds. Hancock County Cannot buildever. an inadequate 20-bed hospital for this amount. This statement we have on official construction fasures taken from all over the U.

Wish Hill-Burron funds, we can at last have a decent hospital in our own county to serve all of our people. The Federal grant that will help us accomplish this we believe is, after all, not really a sift from the Federal Government, but is actually some OF OUR OWN MONEY COMING BACK HOME WHERE IT BELONGS.

We necessity pray that the

## First CAP Course Starts At Bay High

The first in a series of lettures on basic Aerosautical Navigation was conducted by Commander M. G. (Jack) Seuacress for cadet members at the regular weekly meeting of the Bay St. Louis Squadron Civil Air Patrol Tuesday avening September 24, 8 p.m. at Hancock County Airport.

Cadet members participatin were: Charles Byrd, henry Lang. Donald Byrd, Jimmy Stadoin, Joseph Smith, Ronald Ladner, Ronald Garcia, Ashror Carner, Everone Exmelous, Gay Rhydes, Frances Brensike, Azalie Favre. Celeste Chevis, Geraldine lillio. Jean Higgins, Jo Ann Benigno, and Josse Compretta.

Guest at the specime was la: Lt. Irving S. Kingston, commanding officer Co. C #90th Enzineer Battalio (..eav. Construction) Day St. Louis.

Due to the increase in both senior and cadet membership, consideration was alim to seperate menting mights : sensee and rade; member-

votors of Lancock County will weigh these facts and wee FOR the bond proposal on Saurday. is 30 cents a year on each \$100 too much to pay for our own protection?

MRS. W.L. ARGI S. Chairman Committee for the Promotion of fill-derson hospital in Lawock County

in their client's fever. This was everyised by Judge Lastic R. Grant who possible at the triel. Grant who possibled at the tried, Judge Grant seed that in desp-ing the mester that there was so quanties of the fact that Mr. Ladner was secting illegally in being behind the politing bearriers and that his sister had acred illegally in signing the poll for

riomeyer, he said, the jury mestion was whether or not an excessive amount of force had been used by the defendant in ejecting Mr. Ladner.

Mr. Ladner at the trial, of fered no evidence whatever or any doctor's report or statement in support of his contention that Election Commissioner Artigues had injured him in walking him out of the polling place.

The jury, nevertheless, returned the \$100 sudgement against Mr. Artigues.

Attorneys for Mr. Artiques sold the BCHO that they will argue a motion for a judge notwithstanding the verdict when court reconvenes after a two day adjournment tomorrow. They explained that the judge

has legal power to set aside the verdict of the way if their motion is a cented by the Court. Commissioner Artigues made a statement to the public in com-

menting on the sudgement. The public will realize what a sad blow has been dealt them by this pary verdict. Even the padge in this case stated that Mr. Ladser was acting illegally when I was forced to remove hur from the politic place as was

my duty.
In doing so, I was simply putting an end to one of a series of disturbances of the posce which Mr. Ladner had created at the polling precincis throughout the day. To have done otherwise would have made me develoct in my duty as your Election Commissioner.

of so much of an u justice to present the To me personally, but an injustice to the public. For it creetes the impression that your responsible election officials, amor in the fumre maintain well ru . orderly and levally hotest elections unificut endangering themselves personally and becomes the victims of lawsuits and unfair pud by ments of this nature as a result of their putting down stolen e at the polis.

It has been very difficult in the past to et honest, peaceloving citizens to act for us at the polls, from an earth will we be able to convince them to take pert in eas elections for our bonefit in the fature with such an injurious, unjust procedent as I, and I feel the public, will belseve this advenent to be!"

the said said and

ymbel of American freed "As a result of its success, Becker stated, "National Lette Writing Wook will be conducted year for the first time, Interal Later Writing Wook is haned on the idea that written communication between people 1: all countries of the world will contribute toward the building

of a lesting peace." "I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate meens each of us has to communicate with our fellow human beings. Letters between peoples of different nations are a sure method of establishing friendly relationshins and understandings, the problems of frandom loving peoples will be more quickly solved if they are better

"I urge all citizens of Bay St. Louis to join in this first colubration of International Letter Writing Wook and at the same time write that overdue letter to friends and relatives in Ame-FICA".

## **HOW MAY "ASIATIC FLU"** AFFECT YOU?

Public health officials warn that the so-called "Asiatic Flu" may reach epidemic proportions in this country by late fall.

Some cases were reported in the United States as early as June, with an expectancy that the number would rise sharply with the onset of the full meason, when cases of influenza are most prevalent. In general the epidemic in the Ori-

ent was of a relatively mild variety. although millions of Asiatios were afflicted, and more than 2,000 died of the disease during night months. The views, obscapterized by running noss, backaches, headsches, sacezing and pain, travelled quickly through Chine, Japan, and the Pacific area. Victims usually suffer for from three to five days. In any given area where the fin reached apidemic propartions, it mountly affected about 19 percent of the population.

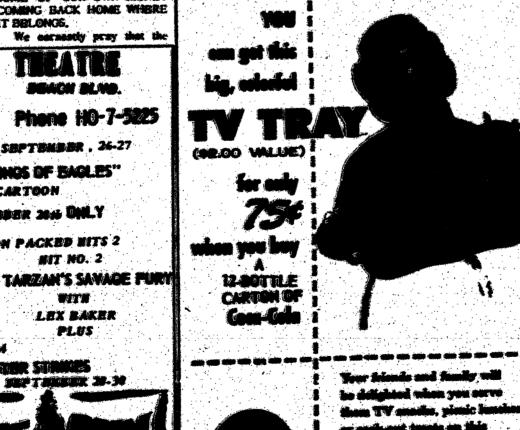

You will want to be certain that your family's resistance is built un to such a high level that you will not suffer a nerious bout with this disonce indeed, you may not patch it et all. But remember, when nutrition stand-

seds are poor, the door is left wide open for disease to step in and do serious domen.

Be sure that your diet includes plenty of Vitamia C. each and every day. Vitamia C cannot be stored in your body. You need a fresh suspin every day Vitamin C being light infection. Parthermore, it being strengthen body tisques and blood respeit so that injection does not have no much of a chance to ponetrate into your polin. Culcium works hand-fe-hand with

PICK UP MACHINERY

Many leases you'ge probably longed for going for what they being. Pacil stactors, jobn Boars send machine. Pacil pick-up and many many other values. We have only soughed as highlighes of this productive

We, the elected officials of Hancock County, are offering our people a much needed hespital. It will cost the people a bond issue of \$175,000. The Federal government will give us \$900,000.

To retire this bond issue of \$175,000 will require 3 additional mills. For example: if your assessment is \$500, it will cost you \$1.50 taxes a year to pay for a new 30 bed Hill-Burton hospital. The operation of this hospital will not cost you any additional taxes. We will have facilities for the colored people in the Hill-Burton hospital as have our neighboring cities of Gulfport, Wiggins and Picayune.

Don't be misled by wild rumors. We are offering you a new 30 bed Hill-Burton hospital for \$175,000. We consider this a golden apportunity which many counties in our state are trying to get.

If the Hill-Burton hospital is defeated, and at a later date we decide to build a County hospital of the same size, it will cost you three times as much, or \$450,000 which will require about 9 additional mills. For example: If your assessment is 4500, your tax increase will be \$4.50 per year to pay for a new 30 bed County hospital. The colored people will have facilities in a County hospital just as they will in the Hill-Burion.

We feel very fortunate in having the opportunity to offer you a \$450,000 hospital which will only cost you \$175,000. On September 28, we ask you to go to the polis to vote FOR a Hill-Burton hespital.

## Edward Murtagh **Explains KC Five** Point Program

For the bonelit of those members who may not be fully informed of the details pertaining to the Sex-Point Program of the Knights of Columbus, Edward Marragh, Grand Knight of the local Pere LeDuc Council, outlined briefly sodey the particulars concerning that program.

The program is designed to recognize and satisfy the interpet of all the members of the Council. It is an Order-wide master plan that embraces, balances, and coordinates all council activities.

The 6-Point Program is the organization of council leadership and affair-schedule, ittales its name from the six major features which it promotes-the 6 Points of: Catholic Activity, Council Activity, Francesel Activ i t y, Memberskip-Insurance, Public Relations, and Youth Acti-VIII.

place of beginning; thence Westerly along said South line of said road 165 feet to a study, Carl Acaddie General Chairman of the Program and the aret B. D. Johnson, Cetholic Activity; E. J.
